

Football Chants by Broadway Students

We are the winners, ho, ho, ho
We've scored five goals and you've got nil
Come on England, let's score another
Let's send you French crying back to your mother!

The Queen will throw us a great big party
We will get very drunk and be very naughty
The golden cup is in our hand
Now let's hear England's marching band

We've tried our best, We've tried our best, even though we've lost
England's won but you're still on top; let's give three cheers for France.
Football, football, get the ball Football
Football, football, get the ball Football
Score a goal, win a point, for your team, kick the ball

England, England you're on top
But we haven't given up.
Referee, referee, put it down,
We might be gutted, but we'll have another go next year.
